# Next Steps

1. After submitting the form, enter the name and email address of the Head of the Academic Unit or Program Chair (who is responsible for approving faculty roles for the graduate program). Click on **Submit**.

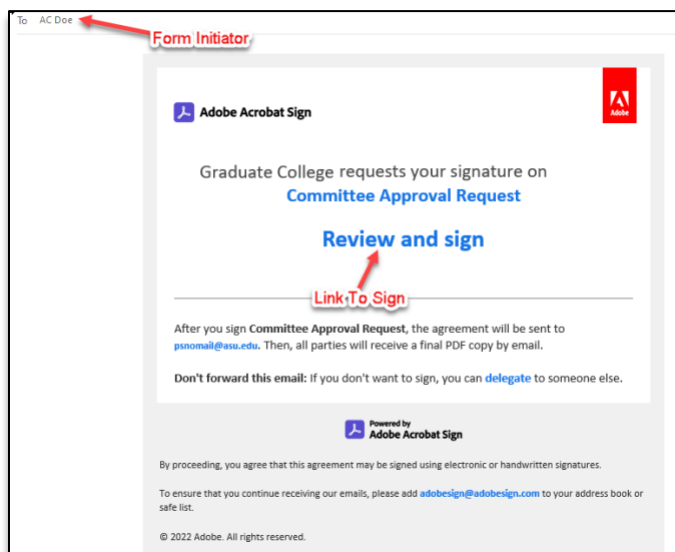

The screenshot shows a web form titled "Assign the next participant" with a close button (X) in the top right corner. Below the title is a horizontal line and a paragraph: "To complete the form please enter the information for the next participant. They will receive an email to complete this form." Below this is another horizontal line. The form is divided into two sections. The first section is titled "Participant 2 (\* Required)" and contains three input fields: the first contains "Jeanie", the second contains "Jones", and the third contains "jeanie@caseyjones.com". The second section is titled "Message to participant" and contains a text area with the text "Please approve access to the Production Backend". At the bottom right of the form are two buttons: "Cancel" and "Submit". The "Submit" button is circled in red, and a mouse cursor is pointing at it.

2. Fill out YOUR name and ASU email address to indicate that you are the initiator of the form. Click **Submit**.

The screenshot shows a web form titled "Enter Your Information" with a close button (X) in the top right corner. Below the title is a horizontal line and a paragraph: "Please enter your name and email and then click to submit this document." Below this are two input fields. The first field contains a redacted name and an "x" icon; a red arrow points to it with the text "Your Name" above it. The second field contains a redacted email address ending in "@asu.edu"; a red arrow points to it with the text "Your Email Address" below it. At the bottom right of the form are three buttons: "Cancel", "Back", and "Submit".

3. The Head of the Academic Unit or Program Chair will then receive an email that includes a link allowing them access to view the form.

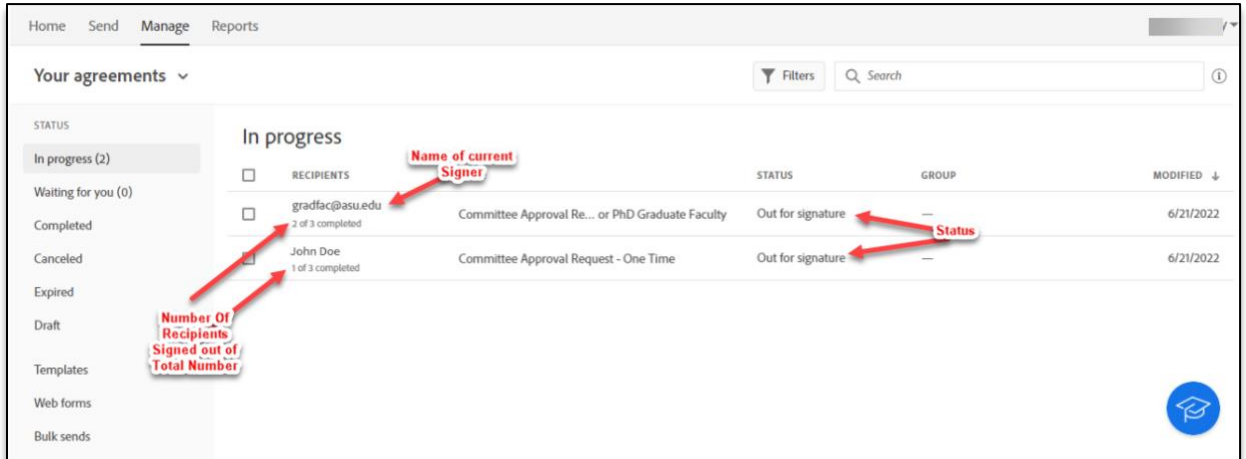

4. The Head of the Academic Unit or Program Chair reviews the nominee’s credentials and information on the request form to determine if the role is appropriate. If approved, they will fill in the following information:
  - Their name
  - Their college
  - Their department/school
  - Signature

- The **Click to Sign** button will appear after all required fields are populated.

5. The approved form and CV are then routed to the Graduate College for their review. If they also approve the request, an email is sent to the requester that initiated the form and the Head of the Academic Unit or Program Chair that signed the form, noting that it was approved. If applicable, the academic unit can then notify the student(s) the nominee was approved and can be added to their committee in the iPOS. Note that if a committee approval request is declined for any reason, the form cannot be edited and resubmitted.
6. Requestors who initiated a form can search for the status of it by signing into Adobe Sign using their ASU credentials: [How to Access your Adobe Sign Account](#)
