

ASU Personalized Graduate Admissions (ASU PGA)

The [ASU Personalized Graduate Admissions](#) process automates ASU graduate admissions offers to eligible ASU undergraduate students in their graduating semester. Students receive an email with their offers and must choose and accept from the available program options for the student to become fully admitted. Once admitted, advisors may view students admitted through ASU PGA and assign additional requirements for the student to be successful in their graduate program.

Locating PGA Students

There are two ways to identify students admitted via the ASU Personalized Graduate Admissions process.

1. Use the **Manage Student Search** screen to filter groups of students. Choose the filter options for your program and then click on **Personalized** from the **Admission Entry** drop-down.

2. Within a student's iPOS, identify them as a **Personalized Admission Entry** on the **Profile** tab. The Admission Entry is on both the **Student Profile** and **Profile Summary** subtabs.

Department Monitored Requirements

If a student admitted via the Personalized Graduate Admissions process has additional requirements to be successful in the program, the program can add these requirements to the **Department Monitored Requirements** tab within the iPOS.

Advisors

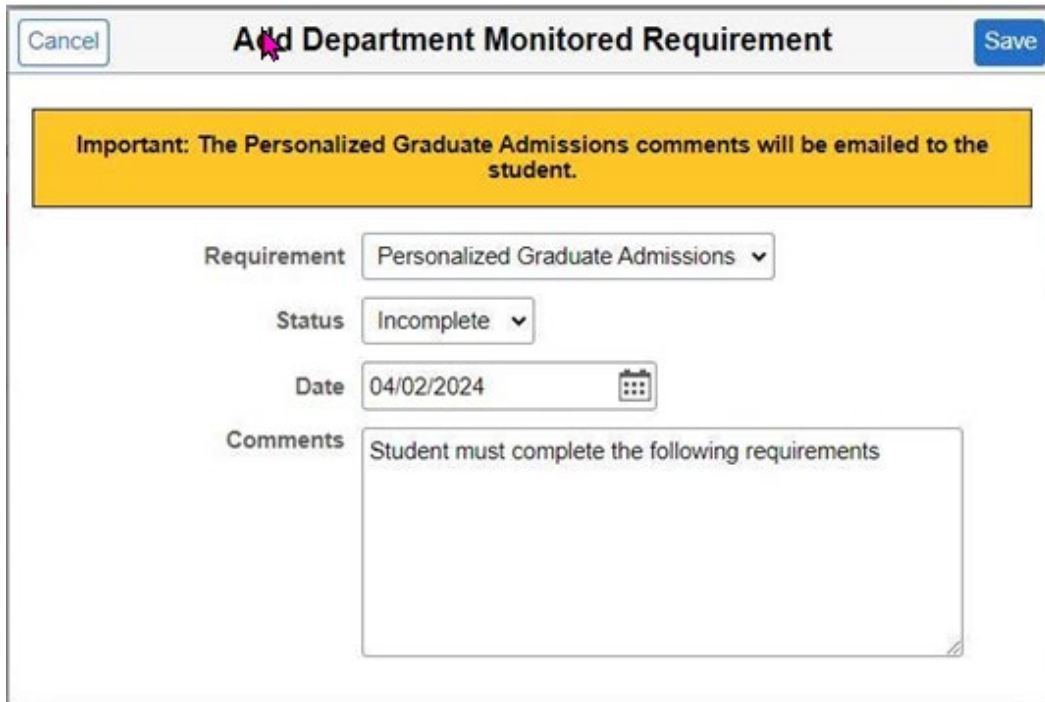

Only students admitted via the Personalized Graduate Admission process will have a **Personalized Graduate Admissions** item listed in their iPOS drop-down.

1. Choose **Personalized Graduate Admissions**

The screenshot shows a form titled "Add Department Monitored Requirement" with a "Cancel" button on the left and a "Save" button on the right. The "Requirement" dropdown menu is open, showing the following options: Graduate Department Requirement, Graduate IRB Training, Graduate Praxis Exam, Graduate Qualifying Exam, and Personalized Graduate Admissions. The "Status" field is currently empty, and the "Date" and "Comments" fields are also empty.

2. Input the **Status** as **Incomplete**, add the date and appropriate comments, and click **Save**. Note that a yellow banner will populate stating that any comments will be emailed to the student.

The screenshot shows the same form as above, but with a yellow banner at the top that reads: "Important: The Personalized Graduate Admissions comments will be emailed to the student." The "Requirement" dropdown is now set to "Personalized Graduate Admissions", the "Status" dropdown is set to "Incomplete", the "Date" field is set to "04/02/2024", and the "Comments" field contains the text "Student must complete the following requirements".

3. To update the status of the student completing the requirements, return to the page and follow the same process, but update the **Status** as **Complete**, along with the date and any comments.

Comments have been added for your ASU Personalized Graduate Admissions

ASU Graduate College
Arizona State University

Dear [redacted],

The **Interactive Plan of Study (iPOS)** is a tool that allows you to plan and navigate your graduate degree program through graduation. The iPOS displays to students beginning 90 days before their start term. You can access your iPOS by going to your **My ASU** portal and clicking on your Program.

The following comments have been added for your ASU Personalized Graduate Admissions in the Department Monitored Requirements section of your iPOS.

Status: Incomplete
Comments: The following requirements need to be completed.

If you have questions about the comments, please contact your advisor(s): [redacted]

Sincerely,

Graduate College
