

# Graduate Enrichment: Funding Opportunities

April 10, 2020

[Minority Dissertation Fellowship in Education Research](#) (Click title for more information)

**Sponsor:** American Education Research Association

**Amount:** \$20,000

**Deadline:** November 1, 2020

**Focus Area:** The fellowship program provides support for doctoral dissertation research, to advance education research by outstanding minority graduate students, and to improve the quality and diversity of university faculties. The dissertation study should focus on an education research topic such as high stakes testing; ethnic studies/curriculum; tracking; STEM development; measurement of achievement and opportunity gaps; English language learners; or bullying and restorative justice. Applicants can come from graduate programs and departments in education research, the humanities, or social or behavioral science disciplinary or interdisciplinary fields, such as economics, political science, psychology, or sociology.

[Research Training Groups in the Mathematical Sciences \(RTG\)](#) (Click title for more information)

**Sponsor:** National Science Foundation (NSF)

**Amount:** \$2,500,000

**Deadline:** June 16, 2020/June 1, 2021

**Focus Area:** The RTG program supports efforts to improve research training by involving undergraduate students, graduate students, postdoctoral associates, and faculty members in structured research groups centered on a common research theme. Research groups supported by RTG must include vertically-integrated activities that span the entire spectrum of educational levels from undergraduates through postdoctoral associates.

[Career Development Grants](#) (Click title for more information)

**Sponsor:** American Association of University Women

**Amount:** \$12,000

**Deadline:** November 15, 2020

**Focus Area:** Assistance to women who, through additional higher education, technical training, or participation in professional development institutes, are making career changes, seeking to advance in current careers, or reentering the workforce. Primary consideration is given to women of color and women pursuing credentials in nontraditional fields.

[Artificial Intelligence and Technology Collaboratories for Aging Research \(P30 Clinical Trial Optional\)](#)

(Click title for more information)

**Sponsor:** National Institutes of Health/NIA

**Amount:** \$2,500,000

**Deadline:** June 16, 2021

**Focus Area:** This Funding Opportunity Announcement (FOA) invites applications for the Artificial Intelligence and Technology Collaboratories (AITC) for Aging Research program. The AITC program will serve as a national resource to promote the development and implementation of artificial intelligence approaches and technology through demonstration projects to improve care and health outcomes for older Americans, including persons with dementia (PWD) and their caregivers.
