

Graduate Enrichment: Funding Opportunities

April 24, 2020

[Lumnia Foundation](#) (Click title for more information)

Amount: Varied

Deadline: Rolling

Focus Area: Lumina's overarching goal is to increase the higher education attainment rate of the United States to 60 percent by 2025. This will represent an increase of 23 million graduates above current levels of production. While our mission focuses on both student access and success in higher education, our emphasis is on attainment, defined as completing post-secondary certificates, associate and baccalaureate degrees and credentials.

Amount: Varied

Deadline: Rolling

Focus Area: There are three program themes that reflect our funding priorities:

1. Developing Leaders - Backing the People Who Are Moving the World Forward.
2. Preserving Places - Helping Historic Places Thrive.
3. Serving Communities - We're Behind Communities.

[The Gordon and Betty Moore Foundation Fundamental Physics Innovation Awards](#)

(Click title for more information)

Sponsor: \$75,000

Deadline: July 15, 2020 & November 15, 2020

Focus Area: The Gordon and Betty Moore Foundation Fundamental Physics Innovation Awards hope to stimulate ideas on innovative ways in which emerging technologies can be used to address pressing problems in the physics of fundamental particles and interactions. The awards support a variety of ways to bring people together to discuss and collaborate on ideas to advance this area of research.

[Speech Science Research Grant](#) (Click title for more information)

Sponsor:

Amount: \$10,000

Deadline: April 15, 2021

Focus Area: The Foundation (ASHF Foundation), in conjunction with (the ASA), invites new researchers to submit proposals in competition for one grant underwritten by an endowment fund in memory of the late Dennis Klatt, noted researcher and scientist in the area of speech communication. The Speech Science Research Grant is designed to further research activities of new investigators and to promote Dr. Klatt's work. It can be used to initiate new research or supplement an existing research study. Funds may be requested for a variety of purposes--for example, equipment, subjects, research assistants, or research-related travel. The applicant must have completed a PhD or equivalent research doctorate within the past five years (since 2015).
