

# Graduate Enrichment: Funding Opportunities

March 27, 2020

## [Graduate Research Fellowship Program](#) (Click title for more information)

**Sponsor:** Department of Justice & National Institute of Justice

**Amount:** \$150,000

**Deadline:** April 15, 2020

**Focus Area:** The U.S. Department of Justice (DOJ), Office of Justice Programs (OJP), National Institute of Justice (NIJ) is seeking applications for funding innovative doctoral dissertation research that is relevant to preventing and controlling crime, and ensuring the fair and impartial administration of criminal justice in the United States. This program furthers the Department's mission by increasing the pool of researchers who are engaged in providing science-based solutions to problems relevant to criminal and juvenile justice policy and practice in the United States.

## [Social Work HEALS Doctoral Fellowships](#) (Click title for more information)

**Sponsor:** [National Association of Social Workers \(NASW\)](#)

**Amount:** \$17,900

**Deadline:** March 11, 2021

**Focus Area:** Social Work HEALS works to educate and train social workers from the BSW to post-doctoral levels to strengthen the delivery of health care services in the United States. This will be accomplished by creating a cohort of health care social work leaders at every professional level (including BSW, MSW, and PhD/DSW students and post-doctoral graduates) together with practice, research, and policy mentors, and leaders.

## [Atmospheric and Geospace Sciences Postdoctoral Research Fellowships \(AGS-PRF\)](#) (Click title for more information)

**Sponsor:** NSF

**Amount:** \$96,000

**Deadline:** January 31, 2021

**Focus Area:** The Division of Atmospheric and Geospace Sciences (AGS) awards Postdoctoral Research Fellowships (PRF) to highly qualified investigators within 3 years of obtaining their PhD to carry out an independent research program. The research plan of each Fellowship must address scientific questions within the scope of AGS disciplines. The program supports researchers with Fellowships that can be taken to the institution or national facility of their choice. The program is intended to recognize beginning investigators of significant potential, and provide them with experience in research that will broaden perspectives, facilitate interdisciplinary interactions and help establish them in leadership positions within the Atmospheric and Geospace Sciences community.
