Students must be enrolled and actively engaged during the period of their participation or hold an appointment as a postdoctoral research associate. Additional information about the PFF program may be found on the website: http://graduate.asu.edu/pff.

APPLICATION

Only complete applications will be considered. All applications must be submitted electronically via email to pff@asu.edu. All materials are available in electronic form at http://graduate.asu.edu/grow/pff/apply. Each application should include the following items:

1. Completed PFF Application Form
2. Curriculum Vitae (CV)
3. Statement of Purpose
   The statement of purpose should describe the student’s goals as a potential faculty member in higher education and how participation in PFF would help the student achieve these goals. (single spaced page, 12-point font, one-inch margins, name at top of each page)
4. Approval of advisor (or supervisor, in the case of Postdoctoral scholars), indicated on the PFF Application Form

DEADLINE

All application materials should be submitted via email to pff@asu.edu by 5:00 pm on Friday, April 15, 2016. (Only electronic applications will be accepted.)

SELECTION CRITERIA

Incomplete and late applications will not be reviewed. Applications will be evaluated on the clarity of the student’s career goals, the degree to which these goals would be supported by participation in PFF, and the student’s potential as a future faculty member. Since interdisciplinary interactions are a core value of PFF, the number of students from a particular program may be limited. Applicants will be notified of their acceptance by May 6, 2016.

TIME COMMITMENT

The 2016-2017 seminars will take place every other Friday. Students will also be required to attend a small number of professional development workshops offered at various times throughout each semester.
