

Proposal Writing	Budgeting	Conducting Research	Finding Funding and Resources
<p>Free Editing Services ProposalEditing@asu.edu The OKED Proposal Editing Team Offers FREE proposal and journal editing services to ASU faculty. Our service focuses on improving grammar clarity, and reviewing to ensure your work meets the announcement guidelines. This service is supplemental to writing or editing assistance available through your college of institute. We edit for active voice, correct grammar, errors, internal consistency, and logical flow. By providing feedback from the layperson’s point of view, we help ensure your proposal is readable and persuasive for the varying levels of expertise and interests of your reviewers.</p>	<p>Proposal Information and Resources This webpage provides helpful links in the “Budget Building Information” section. Some resources include budgeting guides, best practices guides, common direct costs, ASU expenditure codes, budget worksheets and more.</p>	<p>ASU Core Research Facilities We provide state-of-the-art equipment, specialized services, and expert consultation and training to help you solve your most pressing research challenges. Our customers include ASU faculty, students and staff, local and regional industry, small businesses/startups, other universities and research institutions, and government agencies and nonprofits. We offer services in biosciences, chemical and environmental characterization, instrument design and fabrication, research computing and more.</p>	<p>Research Development ResearchDevelopment@asu.edu Research Development supports researchers with funding search tools, limited submissions and events. Research Development can help you access funding opportunities through Pivot, SciVal Funding and other sources; sign up for notifications about limited submission opportunities; understand and gain intelligence on sponsors and programs; prepare to meet a sponsor; and manage your large or strategic proposal.</p>
<p>Proposal Management ResearchDevelopment@asu.edu Our professionally trained and accredited proposal managers help you develop and submit the best possible proposal with the best chance of being selected. They can help you assess opportunities, plan and prepare your proposal, organize your team, develop a win strategy, schedule content reviews and internal deadlines, comply with sponsor requirements, adhere to the principal investigator’s vision, assign tasks, and</p>	<p>Research Advancement RAhelp@asu.edu Research Advancement staff assigned to your unit are available to support your research endeavors and assist you when you have questions. RAs can provide support with identification and review of funding opportunities, proposal development, budgeting and more.</p>	<p>The Department of Animal Care and Technologies (DACT) DACT supports animal-based research and teaching and maintains four centralized vivaria on the Tempe campus. DACT can help with animal housing/husbandry/veterinary services, technical expertise to assist in procedures, training in animal handling and procedures, assistance in developing studies and Institutional Animal Care and Use Committee protocols, and assurance of regulatory compliance and</p>	<p>Research Analytics ResearchAnalytics@asu.edu Research Analytics provides reporting, analysis and decision support regarding the university’s knowledge enterprise activities.
